"INTERESTED PERSONS" IN MEXICO CITY SEEK TO PREVENT BLOODSHED

(By Associated Press)

Washington, June 30.—Private advices received today from reliable sources in the city of Mexico said that Chief Carranza and his advisers have determined to stand by the orders given to General Trujillo to attack all American troops moving in any direction except toward the border.

The view point here is that there seems to be no way to avert a break with the United States.

A faction of the Mexican cabinet is said to be urging an even more defiant attitude toward the United States and want to include in Carranza's reply a new demand for the withdrawal of all American troops not indicated in the first note.

Ambassador Arendondo talked to Secretary Lansing ten minutes this morning and took up again the alleged mistreatment of Mexicans on the American side of the border and asked that steps be taken to prevent a recurrence.

Arendondo intimated that the reply to the American note was being written.

It is known that interested persons in Mexico City are exerting every effort to prevent a break with the United States and are much disengaged.

Should the reply of Carranza follow the line indicated and be a bold defiance of the United States there is no indication that the administration will waver in its determination to protect the border by military operations.

President Wilson probably will arrange to lay the whole Mexican matter before congress without delay.

Wilson met the cabinet this morning before leaving to make an address in New York.

Secretary Lansing made it plain to Arendondo that he expected an early reply to his note.

The release of the captured troopers at Chihuahua delayed the military action, but it has not relieved the critical diplomatic situation.

MEXICAN LINE RIDER IS KILLED BY SQUAD

BELL, ON COMPLAINT OF MEXICANS, INVESTIGATES; CARAZIL SUPPLIES RECOVERED

El Paso, June 30.—A Mexican line rider, belonging to the Carranza customs service, was shot and killed last night by a squad of American soldiers who fired across the Rio Grande, near Ysleta, twelve miles east of here.

The Mexican officials reported that the guard was riding with another in the performance of his duty, when the Americans fired without warning.

The survivor's story placed the Americans at eight in number. Complaint was made to General Bell, who will investigate.

The military supplies lost at Carrizo arrived at Juarez today.

General Bell arranged to take them over.

They consisted of twenty-seven horses, rifles, pistols and cartridges.

KANSAS TROOPS TO PASS THROUGH SUNDAY

By Associated Press.

Nevada, Mo., June 30.—A third company was imposed on the First regiment, which left this afternoon for the border.

Fort Riley, June 30.—The Second regiment leaves tomorrow over the Santa Fe through Phenix, Eldorado and Whinfell. This regiment will pass through Guthrie, Sunday.

WHY DR. WEST QUIT THE MILITIA

"Who did you resign as lieutenant in the National Guard infantry?" was asked by A. A. West.

"My action was due to the fact that the guards will likely move in the border for a long time and I did not wish to be tied up for months, with no hope of action," he replied. Wood and Chief Mitchell wired Roosevelt, tendering their services in his column.

SPURRIER WILL MAKE AUTO TRIP TO WYOMING

S. L. Spurrier will start his vacation Saturday morning on his overland trip to Wyoming. Senator and Mrs. Jack Langston and their two daughters will accompany him as far as Beaver, Oklahoma, where Mr. Spurrier will pick up his father and mother and resume his long trip to the northwest, where he will join Mr. Spurrier and spend the summer.

POSSE SEEKS NEGRO WHO KILLED WOMAN

Morrilton, Ark., June 30.—A posse led by Sheriff J. M. Gordon of Morrilton this afternoon is in hot pursuit of Tom Bliggs, a negro, who this morning is said to have shot and killed a Mrs. Hogard, a white woman, at Rockwell, four miles west of here. The negro and Mrs. Hogard are said to have quarreled over land occupied by Bliggs. Should the negro be caught and returned here it is feared he will be lynched.

The military supplies lost at Carrizo arrived at Juarez today.

General Bell arranged to take them over.

They consisted of twenty-seven horses, rifles, pistols and cartridges.

NEW WAR GUN IS MARVEL, AND IS BARRELLESS

MORE DEADLY THAN ANYTHING YET INVENTED; SHOOTS GLASS BALLS

New York, June 30.—The maker of a new war weapon, annoyed by inaccurate reports and by an account in a morning newspaper attributing his invention to Dr. Marion H. McMillan, an assistant sanitary supervisor in the board of health, yesterday disclosed himself as Dr. Arthur C. Albertson, a naturalized Dane, living in expensively furnished, high-backed apartments at No. 518 West One Hundred and Eleventh street.

The gun has been tested in model form with remarkable results by officers of the United States army.

It is said that it:

Shoots out eggs or glass balls without breaking them in the discharge.

Shoots out fifty balls instantaneously, or one every hour.

Has no barrel.

Can be operated by one woman.

Can plant fifty balls within a radius of six feet at a range of a mile and a half.

POSTAL BILL CARRIES BIG APPROPRIATION

CONGRESS VOTES \$322,000,000 TO CARRY ON BUSINESS OF MAIL FOR YEAR

Washington, June 30.—The annual postal appropriation bill carrying \$322,000,000 was passed today by the Senate after a debate, lasting more than a month, upon differences over the extent of power and other sections of the measure probably will prevent final agreement in conference between the Senate and House committees of conference.

Three important changes were made in the bill in the Senate. As a compromise for the house's age-old method of compensating railroads for mail transportation, the Senate adopted the Committee's amendment directing the Postmaster General to submit to the Post Office Department rates of mail.

An amendment was adopted in extending the consideration of horse racing from 1000 miles to 10000 miles.

Another amendment, introduced by Senator Smith of Minnesota, provides for the discontinuance of the

postage on books, periodicals and newspapers.

Berlin, June 30.—The British battleship Colossus, 19,000 tons, carrying a complement of 300 men and officers, was torpedoed to the North Sea on the evening of June 29. Loss is deemed

Paris, June 30.—In a terrible attack east of the Tigris on the Verdun front, the Germans captured a section of French trenches after the garrison had been literally buried under a shower of shells. The position, however, was captured by a brilliant French counter-attack.

The Germans also delayed a powerful attack on Asouqat wood, and west of the Tigris, but were repelled.

Four Villa Raiders ARE HANGED IN JAHU

(By Associated Press)

Berlin, June 30.—The Villa bandits who took part in the raid on the U.S. mail, established today in the capital.

This concludes the digestion of the news of the Mexican raiders.

Four rebels guarded the jail and a company of the state guard held the prison in case of a daring attack. There were no disturbances.

The German also delayed a powerful attack on Asouqat wood, and west of the Tigris, but were repelled.

Five Villa bandits were hanged in the capital.

Oklahoma City, June 30.—With the recent call for national guardmen to go to the Mexican border an active campaign for membership of a recently organized branch of the American Red Cross Society was underway.

P. E. Brinkley, secretary of the local branch, stated that his first aim would be to recruit as many members as possible and then the work of collecting funds and collecting funds will be taken up. Similar activities are expected in Tulsa, Muskogee, McAlester and Paul, where other chapters of the organization have been formed.

The Tulsa chapter has twenty-four members who are ready to go to the border with the national guard, if necessary, it was announced.

There is a story that he entered the army as the result of a British officer he met through Oxford with distinction before he went to a military school at Sandhurst. His choice of arms was the cavalry which had so little to do in this war.

But no sooner had he received his commission later in life, than most of his former comrades in the army were disbanded and he set out with the thoroughness of his studies to master every branch of his profession.

He was in Berlin in the winter,

and met Captain Haig who was studying German and the German army.

"I was struck by his industry—not a brilliant man, perhaps, but a sound and well balanced one. A true student of success, what he did went to the heart of things."

He studied the French army, and the history of its campaigns with systematic thoroughness, but he turned his attention to Germany, and the German army, and the British army, and the French army, and the Italian army, and the Spanish army, and the Portuguese army, and the Greek army, and the Russian army, and the Chinese army, and the Japanese army, and the Indian army, and the Australian army, and the New Zealand army, and the Canadian army, and the South African army, and the American army, and the Mexican army, and the Cuban army, and the Puerto Rican army, and the Dominican army, and the Chilean army, and the Peruvian army, and the Ecuadorian army, and the Bolivian army, and the Paraguayan army, and the Uruguayan army, and the Argentine army, and the Brazilian army, and the Chilean army, and the Peruvian army, and the Ecuadorian army,
